

The future of private security is here.

The first non-profit security force.

Texas Defense Force Security is the first, and as far as we know, the *only* “not-for-profit” security company that is Licensed in the State of Texas.

Under our license we can perform security guard functions, accept bodyguard assignments, and conduct private investigations anywhere in the Lone Star State.

Through our network of volunteer officers, we are able to raise the bar on standards, increase training capabilities, provide assistance to law enforcement, first responders, and even assist in disaster recovery.

We provide licensed, FBI background-checked, certified good guys to secure what are commonly referred to as “soft targets” such as events, concerts, and festivals.

Certified good guys available to protect YOU.

To use our skills to promote that kind of tangible safety and stability is what we are all about.

As volunteers, we can provide our services to an event that might not get the attention that they need from the big names in Security here in Texas.

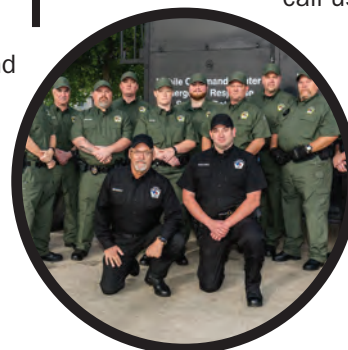

We have the ability to tailor a custom security plan for everything from large, week-long events all the way down to doing bodyguard work for a husband or wife going through a nasty custody dispute, under death threats. And as our contingent of officers grow state wide and the word spreads, our capabilities will only increase.

Security, bodyguarding, and private investigations are all within your reach.

Texas Defense Force Security works from donations/fund-raising as our officers are not paid like for-profit companies.

If you're interested in securing the services of a company on the cutting edge of security for needs large or small, we invite you to contact us via email: inquiry@txdf.org, or call us at 817.803.5040.

Professional Security. Redefined.

Texas Defense Force Security has trained, background checked, and highly skilled Officers and Specialists in the following categories:

- Commissioned (Armed) Security Guard
- Personal Protection Officer (Bodyguard)
- Armed Tactical Presence
- Private Investigations

We are equipped to provide Armed Security and bodyguard services for private engagements, parties, rallies, protests, parades, concerts, retreats, religious institutions, conferences, and campaign events. We can also provide escort

Here's some examples of the Texas Defense Force Security at work:

- Bodyguard for a Congressional candidate at a primary campaign event
- Church facilities security
- Bodyguard in a courthouse during a custody hearing where death threats had been made
- Mobile security and bodyguard services for a political march/rally
- Site security at an outdoor venue for a charity concert fundraising event

and motorcade security, surveillance, off-road ATV patrol, aerial drone support, search and rescue, disaster recovery, and conduct special investigations.

We can tailor a security plan to support any size event – for a week-long conference with hundreds of visitors, or for an individual for only a few hours. No job is too big or too small for Texas Defense Force Security.

The best security requires the highest-quality, best-trained officers.

Officers with Texas Defense Force Security must meet or exceed our exacting standards:

- Eligible for a Texas Security Officer License
- Complete Texas Security Officer Training which is 40 total hours of instruction, including a shooting qualification
- Hold a current and valid License to Carry
- Hold an FCC Ham Radio Technician license or higher certification
- Perform a minimum of 40 hours of on-duty service at sanctioned events per year.
